24.     The method of claim 19 wherein the automatic determination of locations from the family of data records controls the number of duplicate objects being distributed.

25.     The method of claim 19 wherein the determining of the locations determines locations that correspond to unique individuals.

26.     The method of claim 19 wherein the determining of the locations determines locations that correspond to unique addresses.
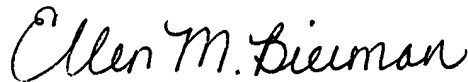

## REMARKS

Claims 1-50 are pending.  Claims 20, 21, and 23-26 have been amended to correct errors in dependency.  No new matter has been added by way of this Amendment.  Applicants request entry of this Preliminary Amendment before examination of the application.

Attached hereto is a marked-up version of the changes made to the specification and claims by the current amendment.  The attached page is captioned "**Version With Markings to Show Changes Made**."

Respectfully submitted,
